Improving Lives with Nutritional Therapy

Welcome to Our Wellness and Nutrition Center

Thank you for choosing our office and allowing us to help you in this time of need. We help sick people get healthy and healthy people stay that way. Our purpose is to help as many people as possible and it is an honor each time we are asked to improve a person's health and we take our role as your healthcare provider very seriously. Our patients' confidence in us drives our commitment to provide the highest quality care possible to them and their families.

We have helped many types of patients with many different symptoms and levels of health. We help our patients to find answers to their health problems and if you are accepted as a patient, we hope to do the same for you. The process of identifying the exact, correct underlying CAUSE of your problems requires a great deal of information and testing.

That process begins with filling out our New Patient Application. **Please take your time and fill this form out completely and thoughtfully.** The doctor will meet with you to discuss your condition and do an examination. Based on what the doctor learns, special tests may be ordered like x-rays, MRI's, or advanced metabolic or blood chemistry tests. The doctor will review the information learned from the consultation, examination and prior testing to determine if you are accepted into our office. Everything will be explained to you on at your visit.

We do not accept all cases. If we feel we can help you, we will explain your treatment options. If we feel we cannot, we will help you find someone who can. Again, we look forward to serving you. If you have any questions, please do not hesitate to ask.

IMPORTANT!

Please have the New Patient Application Form completed BEFORE your initial visit. If possible, please submit all paperwork and previous lab testing (past 6-12 months) prior to your initial visit. This allows the doctor to familiarize themselves with your case and do any needed research before your visit. Please submit via:

1) Email: drclarksmith@yahoo.com

Confirming Your Appointment

We will call you to confirm your appointment one business day prior to the appointment. If we fail to reach you, please leave a message at (706) 946-5433 or email us confirming the appointment at **drclarksmith@yahoo.com** Your initial visit will take about an hour give or take.

If you would like your appointment to be moved to an earlier date, let us know and we will call you if there is an opening.

Many of the treatments used to help support your condition including chiropractic adjustments, rehabilitation therapy, metabolic evaluations, blood chemistry or nutritional supplements may not be covered by insurance and may not be reimbursable.
2. The patient acknowledges and agrees to be responsible to North Georgia Center for the Healing Arts for any costs incurred in collecting checks that are denied due to insufficient funds, stopped payments, or any other reason. A service charge of \$30.00 will be charged for any check upon which payment is denied.

If the patient chooses to finance care through a 3rd party, the patient understands that the financing companies are separate and distinct entities and are not affiliated with North Georgia Center for the Healing Arts or Dr. C.J. The treatment plan listed above is an approximation and may be adjusted according to patient presentation. Furthermore the treatments in this program do not include other services in the office including cervical pillows, lumbar supports, nutritional supplements, or maintenance care.
5. In the event that the patient terminates the treatment prematurely, the patient is responsible for all care they have received at the time of termination minus any discounts offered, and will be refunded any pro-rated fees owed based on the current fee schedule. The fee schedule for each service is done on a per visit basis and depends upon the procedures being performed. We cannot legally refund any fees for services already performed, even if the patient is not satisfied with the results of the treatment.

I hereby consent to the performance of examination, diagnosis, and any treatment listed above, on me (or the patient named above, for whom I am legally responsible) by Dr. C.J. We have contracted with several discount labs which offer a discount off retail blood test prices as well. Most functional tests, including salivary tests, stool tests, food antibody tests and immune panels are non-covered and are therefore the responsibility of the patient if these are deemed necessary.
